

The Star of Alusia.

The Star of Alusia is a powerful protective magical star. It is the most prized of all the awards given to Seagate Adventurers Members by the Guild.

Awarded to:

Theodonna

The Star is made from gold and weighs about $\frac{1}{4}$ of a pound and is about 6 inches in height. It hangs around the neck on a strong gold chain. The star is magical in nature. When worn it protects the wearer if they have ever been a member of the Seagate Adventurers Guild. The Star is resistance to minor heat, cold and damage.

The Star protects and helps the wearer as follows;

+1 spell rank (max 20)

+10 % Magic Resistance (stackable)

2 points of damage resistance (not stackable)

Once a day (from sunrise to sunset) a second magic resistance check after the first has failed.

Reputation: If the Star is recognized there is a +20% reaction rolls.

If the Star of Alusia is used by a Guild Member other than the one that the star was bestowed upon by the Council the protection and help (as detailed above) will last for about an hour and then cease working. At this point the Star should be returned to the Seagate Adventurers Guild Council.

Within the Guild grounds the staff members will always try to help the current Star of Alusia holder.

Aura: Magical

Plane of Origin: Alusia

Nature of Magic: Protection.

College: E&E

Magically Trapped/warded/cursed: No.

This item has the blessings of the Gods meetings as the write up for the current Star of Alusia.
